

INNOVATIVE SOLUTIONS - BUILDING TOMORROW

2010 BC BEC Conference & AGM

Wednesday, September 22, 2010

Fairmont Waterfront Hotel
900 Canada Place Way
Vancouver, BC

This one-day conference by the BC Building Envelope Council will provide a forum for discussion of technical challenges, advances and opportunities posed by building enclosure systems as the industry moves towards increased demands in sustainable buildings. Participants will share their experiences on a range of building enclosure issues including the investigation, repair, design, construction of projects, energy efficiency and retrofit strategies from net zero houses to more energy efficient highrises.
